

IBM System z Technical University

2 - 6 May, 2011
Vienna, Austria

IBM zEnterprise System - A New Dimension in Computing

- ❖ Share the experience and expertise with Technical Experts from IBM System z™ development, System z customers and the Independent Software Vendor (ISV) providers.
- ❖ A huge selection of technical sessions that can be tailored by interest area
- ❖ Access to industry experts, developers and expert architects
- ❖ Hands-on test-drives of new products
- ❖ Networking opportunities with other customers and developers
- ❖ Firsthand opportunities to discuss technical challenges
- ❖ Showcases of extensive IBM Business Partner offerings—all in one place
- ❖ A great opportunity for technical IT staffs to learn and plan together
